Sweet Hearts Dies (#157623 \$29)

Dimensions:

Real Red: 4 ¼" x 11" score at 1 ¼" & 5 ½"

Gorgeous Grape: 5" x 3 ¼", scrap

Blushing Bride: scrap

Designer Paper: 3 1/8" x 1/2", 3 ¼" x 4"

Ribbon: 5", 4 ½"

1. With the long side of the Real Red cardstock at the top of your scoring device, score at 1 ¼" and 5 ½".
2. Fold the Real Red cardstock in half along the 5 ½" score mark. Fold the 1 ¼" score mark in the opposite direction.
3. With the cardstock flat in front of you, place Tear & Tap on the edges of the middle section. The tape needs to be as close to the edges as possible so that the insert will fit into the pocket.
4. Remove the backing from the Tear & Tape pieces and close the Real Red cardstock to form the pocket of the card.
5. Adhere the large piece of designer paper to the front of the card (The side with the 1 ¼" flap on it). The designer paper won't entirely cover the section you are adhering it to. Be sure to line it up at the bottom.
6. Lay the long piece of ribbon across the 1 ¼" flap of the pocket. Adhere ends to the back of the flap. Use Tear & Tape adhesive to adhere the flap to the front of the pocket.
7. Wrap the short piece of ribbon around the long piece and tie.
8. Adhere the strip of designer paper to the bottom of the Basic White cardstock.
9. Stamp the sentiment at the top of the Basic White cardstock with the Real Red ink. Make sure you'll be able to see the sentiment when the insert is in the pocket.
10. Adhere the Basic White cardstock to the Gorgeous Grape cardstock.
11. Stamp the text heart on a scrap of Blushing Bride cardstock with the Gorgeous Grape ink. Die cut with the Sweet Hearts Dies. Adhere heart to Basic White cardstock.
12. If you want a "handle" to help pull the card insert from the pocket, die cut a heart from scrap of Gorgeous Grape cardstock. Adhere it the center top on the backside of the Gorgeous Grape cardstock.
